Swiss participation in cooperation projects with institutions in Erasmus+ Programme countries

Find and develop a project idea that...:

1. ...is an international cooperation in the field of teaching, learning, assessing, or managing an educational institution
2. ...promises an added value for the Swiss education system
3. ...contributes to one or more of the programme objectives
 - Institutional networks and peer learning
 - Development of educational offers
 - Strengthening and further development of the quality and competitiveness of the Swiss educational system

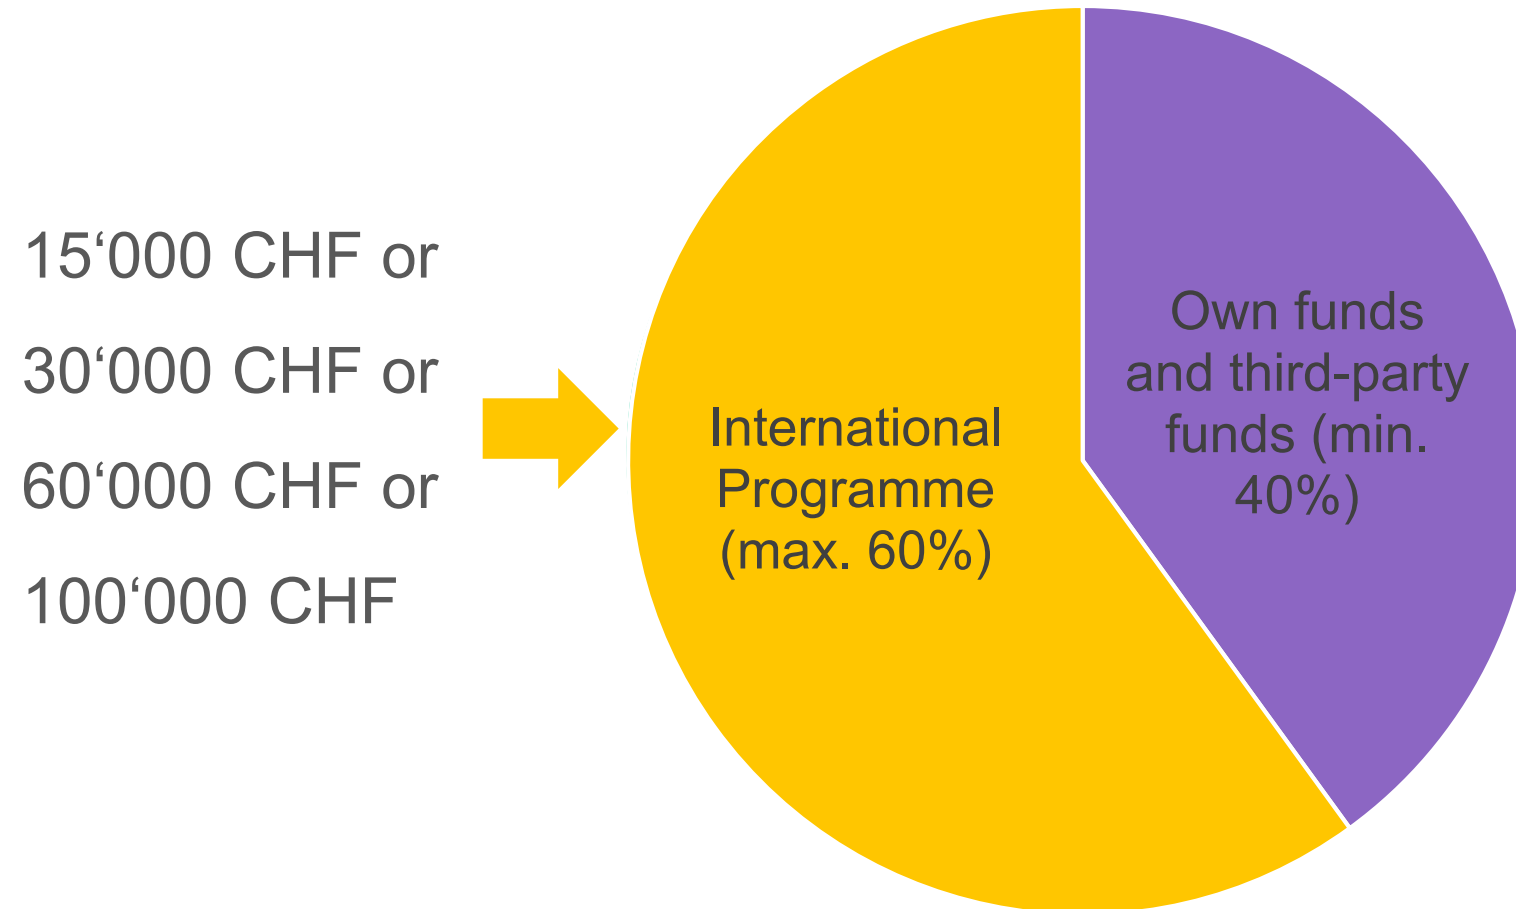

Develop your project and work on your application

Make sure and show that:

- your project is needed
- your project builds on or complements existing offers and initiatives
- your project is likely to have an impact in the long run (sustainability)
- your projects respects the formal criteria of the funding programme

Who contributes to the project funding?
