

Biography

I am Lucie Froehlich, and was born in France in 2003. Since the age of 12, I studied ballet in Montreal, Canada. During Covid, I had the strong need to express myself differently. This interest led me to move to Zurich and complete my bachelor in Contemporary Dance at ZHdK. Dance allows me to connect with myself by the expression of emotions and mind through the body. I have spent the last year as an intern at Theater Plauen-Zwickau. I am excited to keep growing as an artist and the opportunities the future holds.
